

## TLi – RESVERATROL ILLUMINATING COMPLEX (STEP 1) SYRINGE

---

<b>SKIN TYPES</b>	Appropriate for all skin types including sensitive.
<b>DESCRIPTION</b>	This peptide-rich brightening booster complex is excellent at increasing radiancy and reducing skin roughness and fine lines. This 2-step process combines a thick serum mask with a pre-formed gel mask. This potent antioxidant formulation combines the benefits of encapsulated resveratrol with scientifically proven peptides and niacinamide. This combination of key ingredients has several benefits including reducing redness, lightening, and brightening, improving the skin barrier, boosting hydration, boosting the synthesis of Collagen, and protecting against free radicals. Brighter, smoother, and more even tone skin is often noticeable after just 1-2 treatments.
<b>DIRECTIONS</b>	<b>Professional Use-</b> This two-step process should be used in conjunction with the Resveratrol Illuminating Complex Boosting Mask Step 2 and the Lightwave Infusion System. See <i>Topical Light Infusion Resveratrol Illuminating Complex</i> protocol for complete infusion details.
<b>POWER PURE™ INGREDIENTS</b>	<p><b>Encapsulated Resveratrol</b> – A stable form of the potent polyphenol resveratrol. It helps protect skin from negative environmental influences and helps prevent oxidation and discoloration. It brightens a tired-looking complexion and has significant skin-calming and firming properties that help fight the overall aging and prematurely aging process.</p> <p><b>Reproage™ Peptide (Acetyl Hexapeptide-8)</b> - A bio engineered peptide that supports repairing the epidermal basal layer for smoother, more radiant, and visually rejuvenated complexion. Studies show the skin regenerated itself at a rate equivalent to that of 17 years younger (volunteers aged 50-55), and roughness decreased up to 41.3% after 56 days of use.</p> <p><b>Adifyline® Peptide (Acetyl Hexapeptide-38)</b> - This peptide increases local volume improving facial appearance and providing a curvy silhouette, by promoting PGC-1a expression and lipid accumulation in the adipose tissue.</p> <p><b>Niacinamide (B3)</b> - Studies have shown that Niacinamide smoothes out wrinkles and inhibits photocarcinogenesis. It stimulates microcirculation in the dermis, increases ceramide and fatty acid levels in the skin, reduces water loss, reduces inflammation, and increases hydration.</p>
<b>ACTIVE INGREDIENTS</b>	<p><b>Medical Grade Hyaluronic Acid</b> - Increases moisture retention, providing a more hydrated and supple skin texture. Hyaluronic Acid holds more hydration to the skin than any other natural substance.</p> <p><b>Aloe Barbadensis</b> - Aids in calming and soothing dry and irritated skin. Aloe Vera is a powerful moisturizer with antibiotic and wound healing abilities. It has remarkable healing abilities because it is a natural oxygenator (drawing and holding oxygen to the skin).</p>
<b>COMPLETE INGREDIENT LISTING</b>	Purified Water, Aloe Barbadensis Leaf Juice, Glycerin, Niacinamide (Vitamin B3) Resveratrol, Emulsifying Wax, Avocado Fruit Oil, Hyaluronic Acid, Tocopherol (Vitamin E), Sunflower Seed Oil, Neem Seed Oil, Rosemary Leaf Extract, Resveratrol, Butyrospermum Parkii (Shea) Butter Extract, Lecithin, Acetyl Hexapeptide-8, Acetyl Hexapeptide-38, Sunflower Seed Oil, Xanthan Gum, Citrus Paradisi (Grapefruit) Oil, Disodium Coco-Glucoside Tartrate, Potassium Sorbate, Disodium Phosphate, Beeswax, Sodium Phosphate, Caprylyl Glycol Butylene Glycol, Phenoxyethanol, Tetrasodium Glutamate Diacetate.

## TLi – RESVERATROL ILLUMINATING COMPLEX (STEP 2) GEL MASK

<b>SKIN TYPES</b>	Appropriate for all skin types including sensitive.
<b>DESCRIPTION</b>	This peptide-rich brightening booster complex is excellent at increasing radiancy and reducing skin roughness and fine lines. This 2-step process combines a thick serum mask with a pre-formed gel mask. This potent antioxidant formulation combines the benefits of encapsulated resveratrol with scientifically proven peptides and niacinamide. This combination of key ingredients has several benefits including reducing redness, lightening, and brightening, improving the skin barrier, boosting hydration, boosting the synthesis of Collagen, and protecting against free radicals. Brighter, smoother, and more even tone skin is often noticeable after just 1-2 treatments.
<b>DIRECTIONS</b>	<b>Professional Use-</b> This two-step process should be used in conjunction with the Resveratrol Illuminating Complex Boosting Mask Step 1 and the Lightwave Infusion System. See <i>Topical Light Infusion Resveratrol Illuminating Complex</i> protocol for complete infusion details.
<b>POWER PURE™ INGREDIENTS</b>	<p><b>Reproage™ Peptide (Acetyl Hexapeptide-8)</b> - A bio engineered peptide that supports repairing the epidermal basal layer for smoother, more radiant, and visually rejuvenated complexion. Studies show the skin regenerated itself at a rate equivalent to that of 17 years younger (volunteers aged 50-55), and roughness decreased up to 41.3% after 56 days of use.</p> <p><b>Resveratrol</b> – A stable form of the potent polyphenol resveratrol. It helps protect skin from negative environmental influences and helps prevent oxidation and discoloration. It brightens a tired-looking complexion and has significant skin-calming and firming properties that help fight the overall aging and prematurely aging process.</p> <p><b>Provinols™ (Red Wine Extract)</b> - Composed of polyphenols of Cabernet-Sauvignon red wine collected in the Languedoc-Roussillon regions (South East of France) and selected for its antioxidant content. PROVINOLS™ is a natural and efficient source of antioxidant polyphenols contained in red wine, in which properties are known as “The French Paradox”. Obtained by a natural extraction process, PROVINOLS™ contains 95% of total polyphenols and its spectrum represents all the polyphenols of red wine.</p> <p><b>Peptan® SR Marine (Hydrolyzed Collagen Peptide)-</b> Boosts fibroblast renewal and stimulates the synthesis of collagen molecules within the dermis, thus preserving its structural organization. It also protects against free radicals, limiting damaging effects.</p>
<b>ACTIVE INGREDIENTS</b>	<p><b>Medical Grade Hyaluronic Acid</b> - Increases moisture retention, providing a more hydrated and supple skin texture. Hyaluronic Acid holds more hydration to the skin than any other natural substance.</p> <p><b>Aloe Barbadensis</b> - Aids in calming and soothing dry and irritated skin. Aloe Vera is a powerful moisturizer with antibiotic and wound healing abilities. It has remarkable healing abilities because it is a natural oxygenator (drawing and holding oxygen to the skin).</p> <p><b>Tocopherol (Vitamin E)</b> - Known as an antioxidant “superstar”, due to its incredible healing and repairing properties and providing natural protection from damage caused by the sun.</p>
<b>COMPLETE INGREDIENT LISTING</b>	Purified Water, Aloe Barbadensis Leaf Juice, Sodium Hyaluronate, Acetyl Hexapeptide-8, Resveratrol, Glycerin, Red Wine Extract, Ceratonia Siliqua Gum, Tocopheryl Acetate, Hydrolyzed Collagen, Polysorbate 80, Disodium EDTA, Potassium Sorbate, Disodium Phosphate, Sodium Phosphate, Caprylyl Glycol.
